By SUSAN SIGNAIGO-WEICH
Staff writer

GRANITE CITY — A clog in the disposal of city sewage could be caused by a recent revision in St. Clair County's landfill code. Prohibited is dumping of "fluid liquids, sludge, containers or residuals from the treatment of liquid waste" in any St. Clair County landfill.

The city's sewage treatment plant is affected by the measure because the plant dumps sludge in a Belleville landfill, owned by Laidlaw Inc.

ALDERMEN PASSED a resolution Tuesday protesting the revision and urging the St. Clair County Board to give an exemption for wastes from publicly-owned treatment plants.

The landfill has not yet refused to accept the city's sludge. Terry Kelahan, sewage treatment plant superintendent, said he was notified about the policy change Monday.

Sludge will continue to be taken at the landfill, said Bill Burkett, manager of the Belleville landfill. The sludge will be taken at least un-

til he meets with the St. Clair County inspector next week. "WE ARE LICENSED by the federal and state EPA (Environmental Protection Agency) to accept the sludge, so I don't know about the legality of the action," he said. "In the meantime, I hope the people involved will express their views about it to the St. Clair County Board."

Several months ago, the board started talking about disallowing liquids at landfills, Burkett said. "I didn't worry too much about it, though, because I didn't consider sludge to be a liquid," he said. "Hopefully, the board will clarify the revision."

THE CITY PAYS approximately \$90,000 annually to use the Laidlaw landfill, Kelahan said. The price is based on about five or six truckloads of sludge per day.

The price is less than what most landfills charge, Kelahan said. The city gets a lower fee because the landfill contract is tied in with the city garbage hauling contract.

Three school districts establishing pre-kindergarten classes

By DONNA KIMBRO
Staff writer

MADISON — The Venice, Madison and Granite City school districts are establishing pre-kindergarten classes for 3-, 4- and 5-year-old children. John Patcheff, superintendent of schools, told the school board Thursday night.

"It is believed the children could benefit from early school programs designed to prevent later academic

failure. The classes are planned to provide positive nurturing experiences to help children develop intellectually, socially, and emotionally," he said.

CLASSES WILL MEET in half-day sessions, four days per week, at Prather School in Granite City and at Blair School in the Madison district.

Transportation for students will be provided, but children who are cur-

rently enrolled in public school will not be eligible for the new program.

Interviews with parents and screenings of potential students will be held from 9 a.m. to 4 p.m. Thursday, Feb. 13, at Prather, 2300 W. 25th St., and Friday, Feb. 14, at Blair School, College and Mercedo streets, Venice.

A BIRTH CERTIFICATE will be needed as proof of the child's age, and vision and hearing tests will be

included in the screening. For additional information, parents may call Prather School at 876-8656 or Blair School at 876-4814, Patcheff said.

No exact limit was set on the number of children that could be accepted, but it was indicated some limit is likely.

In other business, the board accepted the retirement requests of Margaret Rehagen, a teacher who has been on leave of absence, and

Edna Mae McLinn. McLinn is secretary at the high school. After 40 years' service in the district, she said she wants to retire at the end of April.

Kathleen Guinan, a teacher of educable handicapped at the Middle School, informed the board she will return from maternity leave on Feb. 17.

THE BOARD AGREED to adver-

tise for bids to place a new roof on Blair School.

The present roof is flat. The board will ask for bids to install a pitched roof to provide some drainage, and will also seek bids for installation of a drain in the center of the existing roof. Patcheff said the drain would only take care of about 80 percent of water that settles on the roof after rain or snow.

Kids make crossing guard feel young

By SUSAN SIGNAIGO-WEICH
Staff writer

To some she's just another lady, but to a group of grade school students, she's the crossing guard lady.

Nellie Forrest has had a crossing station on St. Clair Avenue in front of St. Margaret Mary School for the past nine years.

Last year she started collecting pictures of "her kids" and has put them into a photo album. She plans

Sunday focus

to use the album to reminisce about the "good old days" after she retires.

"THESE KIDS are great — they don't give me any trouble," Forrest said. "They're so friendly, always saying 'Hi!' and 'See you tomorrow!' Every year I get Christmas presents and valentines."

"Sometimes I'll see one of them at the store and they'll run and get their mom and say, 'There's my crossing guard lady.'"

The number of children that cross at her station has dwindled over the years, but Forrest said she still looks forward to her job.

"They keep me feeling young," she said. "It also keeps me up with all of their new fads and sayings."

SHE DECIDED at a young age that she would be a crossing guard when she grew up.

"When I was a kid I walked to Washington School every day in West Granite," she said. "There was a crossing guard on Rock Road who was a real nice man."

"It was kind of comforting when I saw him — he was always there. I thought it would be neat to have his job."

Forrest said she thinks her kids feel more secure when she's around too.

"SOMETIMES I'll drive my truck to the crosswalk instead of my usual

car, and some of the kids look kind of scared," she said. "It's nice to see the smiles come over their faces when I get out of the car and they recognize me."

Having a group of children who obey you and the rules is more than just convenient — it's safer too, she said.

"One time I was standing in the middle of the crosswalk and there was a car coming up St. Clair really fast," she said. "One of the girls had stepped off the curb and I yelled at her to get back up there — I knew the car was not going to stop."

"I RAN to the other side of the street just in time. After it was all

over she said, 'You scared me. I told her I was just glad she listened or else she might have gotten hurt.' She plans to remain a crossing guard as long as possible.

"I really enjoy this job," she said. "I enjoy being the crossing guard lady."

Losses equally shared by NII, Nippon Kokan

By BILL WINTER

As joint owners of National Steel Corp., two companies — Nippon Kokan of Japan and National Intergroup Inc. of the U.S. — share its profits equally.

In bad times, they also share. Their 1985 net National Steel results were losses of \$44.2 million and \$44.2 million for a combined loss of \$88.4 million.

ROBERT D. MCBRIDE, well known in Granite City, has just analyzed why there was "red ink." Past president of Granite City Steel, which is one of National Steel's major divisions, he now is National Steel's president and chief operating officer.

"Two major factors negatively affected our performance," McBride said in Pittsburgh. "There was

severe price discounting in the marketplace. And there were high levels of imported steel flooding into this country in the past year."

"We are hopeful we will see a firming of prices early in 1986, and that President Reagan's program to reduce imports will begin to take full effect in the coming months." Such hopes have been voiced before but federal policies have allowed increasing import levels in recent years.

HOWARD "PETE" LOVE, National Intergroup chairman and chief executive — also a former Granite City Steel president — reported a net 1985 loss for NII of \$15.2 million, compared to net 1984 income of \$13.7 million.

"The strong showing of our non-metals businesses was not enough to

MESD's officials say rain a problem they can handle

By SUSANNE INDELICATO

Madison County residents were drier than their neighbors in St. Clair County after this weekend's rains, according to Metro-East Sanitary District officials.

"All the problems were down south," said MESD Commissioner Dave Bergfield.

MESD pumps and employees have been working all week to relieve flooding in Cahokia.

"WE GOT 4 INCHES in 12 hours," said MESD Executive Director Shang Greathouse. "Boy, it really poured."

With the rain came trash and debris floating down the levee district's canals and ditches.

A mobile crane was used to

remove most of the debris from flood gates, Greathouse said.

MESD workers were removing debris from the low-flood gates at Horseshoe Lake Wednesday after working in St. Clair County Monday and Tuesday.

"EVERYTHING BUT dead bodies comes down the Cahokia Canal," Greathouse said.

The canal circles around from the Mississippi River, inland to Horseshoe Lake, and then westward to the river again.

"We've done one hell of a job," Greathouse said. "The river (Mississippi) is at 14 feet now. I don't have to pump until it's 19 feet."

"Everything (the water) is going out on gravity flow, which is much faster, with no pumping at all."

Military movies

WASHINGTON — As Hollywood producers strive for realism in the new wave of patriotic, super-macho movies, the opinions of a small but hard-nosed group of critics become increasingly important. With their seal of approval, authenticity in military hardware and personnel is guaranteed.

The public has never heard of these film critics. They are members of the Defense Department's Audiovisual Division, and they decide whether a movie maker deserves the cooperation of the armed services. Win their approval and you can have genuine U.S. weapons and authentic grunts, sailors or airmen to lend verisimilitude to your movie. Flunk their test and you're left to your own devices: plywood plane mockups or toy boats bobbing around in an oversized bathtub.

And the Pentagon critics' standard is tough: They must be convinced that "the production... will benefit the Department of Defense or otherwise be in the national interest." They're savvy enough to realize that a straight-out recruiting film is unlikely to make it big at the box office, but if they feel the movie will make the American military look foolish, stupid or evil, they'll insist on script changes.

The script of the first Rambo movie, "First Blood," appalled the Pentagon. P.R. people "Support to a film of such overwhelming violence with a character portrayed as a killer, only because of Army training, would not be in the best interest of the Department of the Army," the military critics pointed out. So Sylvester Stallone's request for cooperation was rejected. He didn't even apply for assistance in his Rambo sequel.

On the other hand, "Top Gun," due out this spring, got literally tons of

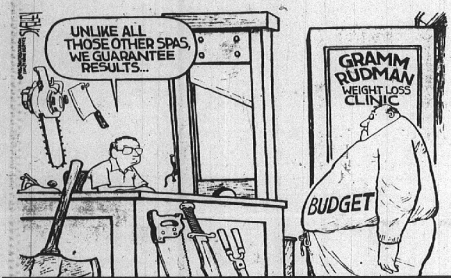

Jack Anderson

Pentagon help — for a price. It's a flick about Navy pilot trainees, which suited the Pentagon critics just fine. The Navy told us that Paramount Pictures has already run up a tab of \$1,135,000 so far — not surprising when a single F-14 fighter plane costs \$7,600 an hour to rent.

"Invasion USA" got reluctant Pentagon approval, with certain strings attached. The star, Chuck Norris, was supposed to pay for cooperation by doing some unpaid recruiting commercials for the National Guard — which provided troops and equipment for the film about terrorists swarming over the United States. The Pentagon was to get a preview of the movie before release. And a "voice-over" disclaimer during the final credits would insist on this soothing message:

"It is not the intention of the producers to portray in this motion picture that national security would, or could, ever be in jeopardy. The American military is here to protect every citizen."

The Pentagon claims the movie makers reneged on all three promises. Cannon Films refused to comment, but Norris told our reporter Jenny Cunningham that no one had ever told him about the National Guard commercials. He'd have been happy to do the TV spots if he'd known, he said. "I'm a real patriot."

Questions wisdom of water line, annexation by Madison

To the Editor:

We, the group known as the Madison Concerned Citizens, feel the councilmen deserve the answers, as well as the citizenry, to a number of questions before proceeding with the water line to the truck stop.

Why haven't the people of Madison been asked if they wish to donate their tax monies to the truck stop area and the water company? In prior years, we have each paid for our water line, either through rents or additional cost to the purchase of property. Is there any reason the truck stop can't do the same?

We've just suffered a "write-off" of \$217,000 and another \$40,000 in revenue funds to gloss over the past

administration's manipulations of the cable TV program. Can we afford another fiasco?

We were told the mini-mail was such a good deal, but the rent based on sales wasn't even checked on. And unless the city furnishes someone to clean the parking lot, it isn't cleaned. Does your landlord sweep your driveway?

We were told what a great profit was made on the cable TV — and then comes the truth when the write-off has to be made. We waited the longest, got the same deal, and paid the most for cable TV of the whole Tri-Cities.

The reported cost of this water line represents our utility tax on over \$4 million worth of heat and power. We

all gripe about our bills, but that still is a lot of heat and power to be paying on for the truck stop's benefit.

Some senior citizens feel it doesn't affect them because of the advantages on their real estate taxes, but everybody pays the utility taxes. We'd like to know why copies of cancelled checks that were missing were not requested from the bank. Who were the checks written to?

Who cashed them? When the truck stop thought it necessary to write in a deadline of October 1985 on the petition to annex, why is it carried on and on?

Mr. Greathouse agreed to the annexation, and then decided it was illegal, and now he's decided otherwise. Will he change his mind again? Sales taxes of \$40,000 will not

cover three shifts of police per day, plus one officer to cover their days off. At \$15,000 per man, that adds up to \$60,000, not counting pensions and hospitalization, another police car, and the time they will spend going to and in Belleville (St. Clair County seat) regarding arrests made.

Will the fines and real estate taxes all go to St. Clair County? How can we accept this as a profitable proposition?

And why go back to the days of Madison being known for prostitution? Give it some thought, please.

She'll always feel welcome in Granite City

I wondered what I was getting myself into that morning of June 4, 1984.

Here I was, a small-town girl with a rural background, starting work for a newspaper in an industrial city. Smokestacks, railroads and unions were new to me. I imagined Ralph and Alice Kramden living in each house I passed on my way to work.

Several months later, a friend commented as I drove him through Granite City, "I don't know about this place, Susanne."

"It's OK," I answered. "The people here are really nice." Granite City is not smokestacks, railroads and unions. I had

discovered. Granite City is its people.

To quote Jeff Bridges in the movie "Starman," "I shall tell you what I find beautiful about you."

When I came to your meetings and was afraid to speak to you because I didn't know you, you spoke to me first. You made me feel comfortable, and you greeted me as if

you were glad to see me.

When there is a need, you rally to meet it. Your United Way and Tripe of Lights campaigns surpassed their goals. You distributed food baskets to the needy during the holidays. You organized groups like Willing Workers to help the unemployed. You held dances and car washes to raise funds for leukemia victims.

When your time is needed, you donate it. You volunteer to work at the animal shelter, to provide tax assistance to collect funds for worthy causes, and to study the city's problems and seek solutions.

You care about what's happening in your city. You contact your newspaper to report injustices, laud accomplishments, criticize inadequacies and voice opinions. You

There is too much alleged about that sentence. We simply missed a mistake.

The person who nailed the error, however, did so with a sharp wit. I passed the postcard around the newsroom and it raised some smiles that should be shared with those who appreciate satire.

Thus, from an anonymous proofreader comes the following:

speak at council meetings, you circulate petitions and you react to the events in your community.

There are some of you I will not miss so much. Those of you who commit a crime and then ask that your name be kept out of the newspaper. Those of you who want your newspaper to spread gossip for you, and those of you who want only your side of an issue presented.

But on the whole, I have enjoyed being with you.

This week is my last at the Press-Record/Journal, as I take another job in St. Louis.

I don't know when I will be back in Granite City again, but when I do come back to visit, I will feel comfortable, welcome and privileged to have known you.

on the floor. While making a nicer courtroom, the carpeting also has the practical benefit of helping cut down sound levels and reverberation, as will the drapes.

The reasons for the courtroom renovation are several. First, there's been no significant refurbishing or renovation that I'm aware of for 20 years, and I began practicing in that court in 1962 before Judge An-

drew Gasparovic of Granite City.

Second, the courtroom was approximately 22 by 25 feet, with 30 seats for citizens in the public seating area — this in a court that at least once a week has a docket call of 100 to 150 criminal cases involving perhaps 100 defendants and 20 or 30 complainants, together with lawyers on both sides, police officers and court personnel.

Also, on at least a weekly basis, we have small claims dockets that routinely consist of more than 25 cases, with one or more parties on each side, lawyers frequently on both sides, and witnesses.

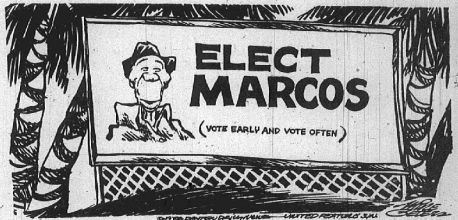

The citizens have been forced to endure extreme discomfort and the environment has been harmful to the decorum needed to further the prompt and courteous administration of justice.

After renovation, the courtroom will measure 35 by 50 feet, and we anticipate seating for more than 75 people or two and a half times the capacity we have had in the past.

We truly believe that the citizens of the Tri-Cities and Madison County deserve better in their public facilities than they have had to endure for these many years in the courtroom now being renovated.

We hope that the citizens will applaud the work being done in their behalf and for their benefit.

The citizens of Granite City are cordially invited to come in and note their new courtroom when it is completed.

Firemen want smoke cleared

To the Editor:

Granite City Fire Fighters Local 253, which represents the firefighters, paramedics and EMTs (emergency medical technicians) employed by Granite City, would like to respond to an article that appeared in the Press-Record/Journal on Sunday, Feb. 2, 1986.

The focus of that article was on the progress being made in the contract negotiations between the city and the police officers. The last paragraph stated that the city has had formal meetings with Fire Fighters Local 253.

This gives the impression that regular meetings and serious negotiations are taking place between the city and Local 253. Nothing could be farther from the truth.

Firefighters have had one meeting with the city's negotiations team since April 1985. That's one meeting in eight months to settle a contract

that is 20 months past its original expiration date. This is hardly what could be called formal negotiations.

A second meeting was scheduled for Feb. 5, 1986. However, this meeting was granted only after Local 253 sent two certified letters to the mayor, City Council, and the city negotiating team requesting that negotiations resume.

We do not wish to negotiate in the newspaper but we could not allow this article to pass without a rebuttal.

In the future, prior to passing misleading information on to its readers, Local 253 once again asks the Press-Record/Journal to check with union officials to get both sides of the story.

Alleged reason for alleged given, allegedly

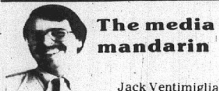

The press is generally very conscientious in efforts to protect reputations, especially in cases where arrests are made.

The first concern in writing such a story is to make sure the story does not make the arrested person appear guilty.

As far as this newspaper is concerned, an arrested person is not a guilty person. Juries and judges decide guilt, not the newspaper.

For example, the newspaper will not call a person arrested for burglary a burglar. The person is not a burglar unless the court says so.

We use the word "alleged" to

The media mandarin

make it clear to the public that a person arrested and charged with a crime is not guilty of the crime. However, sometimes we overdo the "alleged" business to the point where someone takes us to task, as happened last week.

Truck bought by Madison

MADISON — A new truck for trash and garbage collection was accepted by the City Council following a recommendation by Robb Robbins, street department superintendent.

The truck, costing \$56,149, was ordered 11 months ago and, because it did not meet specifications, was not accepted until all variances were corrected.

ROBBINS TOLD the aldermen that one of the main problems was the size of the tires and rims. They were replaced with tires and rims regarded as better able to handle the load.

Vasil Graville gave a report for John Dutko, city inspector, who was

hospitalized, noting 11 construction and remodeling permits were issued in a two-week period.

Robbins said utility companies have turned off service to two buildings, at 920 Iowa St. and 1630 Second St., when the weather permits, the street department will begin demolishing the condemned buildings.

DERELICT BUILDINGS considered a safety hazard will be torn down soon at W. Second and Franklin streets, Norris Horton, assistant health inspector, said.

Robbins said he will start demolition of those houses as soon as he takes care of several garages and sheds that also need to be destroyed.

Permit for complex Ok'd in Chouteau

MADISON COUNTY — A planned recreational area along the Mississippi River in Chouteau Township will be considered by the Madison County Board when it meets at 9:30 a.m. Wednesday, Feb. 19.

Chairman of Rocks Development Corp. and its secretary-treasurer, Austin Opp, want to develop 91 acres in a flood area for a "water recreational complex." They are requesting a special use permit and variation.

Opp has indicated the area will provide fishing, swimming and water skiing, zoning officials said.

The site lies in an agricultural district on Water Works Road a quarter-mile south of the pumping station on Chouteau Island.

The Madison County Zoning Board of Appeals has recommended the permit and variation be granted.

Other zoning cases coming before the Madison County Zoning Board of Appeals include the following:

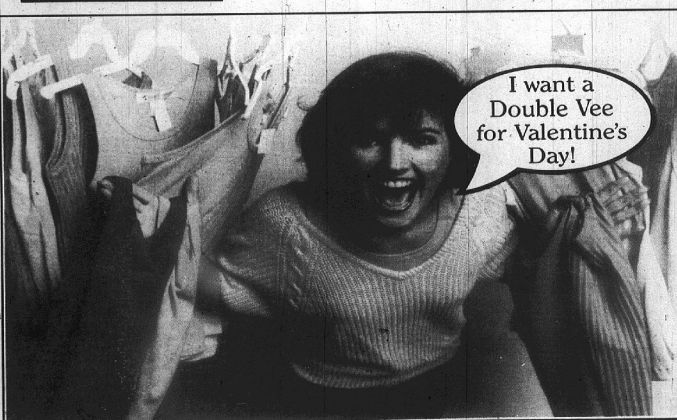

- A request from Norbert Schultz, owner, to rezone a tract of land from agricultural district to B-4 (wholesale business district) in Nameki Township. The site is on Illinois 162 near Joe's Tackle Shop.
- A request from James A. Baker, owner, for a special use permit to put an accounting office in his home at 2600 Hemlock Ave. The home is in an R-4 single-family residence district in Nameki Township.
- A request from Jimmy E. and Joyce Dix, owners, for a special use permit to continue the placement of a mobile home in an R-4 single-family residence district in Nameki Township. The site is located at 2012 Hildebrand Ave. in Cloverleaf Addition.
- A request from Fred Hartline, owner, for a special use permit to place a mobile home in an R-3 one-family residence district in Nameki Township, located at 4123 Division St.

Police issue warning

GRANITE CITY — Police have issued a warning connected to a pair of incidents that indicate "gypsies" are making their periodic visit to this area.

On Clark Avenue, three men talked their way into the victims' residence by telling them they had originally installed gutters on the home. The men promised to fix the gutters under a warranty. At the end of the encounter, the victim was missing \$300 in cash from the residence.

Another incident happened in West Granite, where gypsy men were attempting to sell slag to older people as fill for their driveways. These visitors were run off by the police.

In the past, gypsies have represented themselves as Illinois

Power Co. employees, gaining access to homes by saying they have report of a gas leak or unusual power use by particular customers. The victims of these frauds are usually older citizens.

Area residents are being urged to be suspicious of strangers, usually in late model trucks and vans, or maintenance men claiming to be Ili. Power or Illinois-American Water Co. employees. "Call the particular company and ask if workmen are in your area, or demand proper identification," a police spokesman advised.

"In the case of persons wanting to do maintenance work, spraying or reroofing driveways, get license numbers and secretly call the police. We will check them out for you."

Schools lauded for skills development

GRANITE CITY - District 9 was commended for superior accomplishment in basic skill development in a report released Jan. 9 by the Illinois State Board of Education.

Gains representing sustained achievement in reading and mathematics compared most favorably to the goals established by the school district.

"It appears that an already outstanding District 9 Chapter I program has been made better," the report said. "The district is to be commended for continued program development, which was highlighted by selection as one of the 1984-85 nationally validated, (U.S. Department of Education) secretary's initiative projects."

Granite City teachers choose drug prevention curriculum

By SUSANNE INDELICATO
Staff writer

GRANITE CITY - Thanks to a community program, junior high and grade school teachers will be provided materials to teach drug and alcohol abuse prevention.

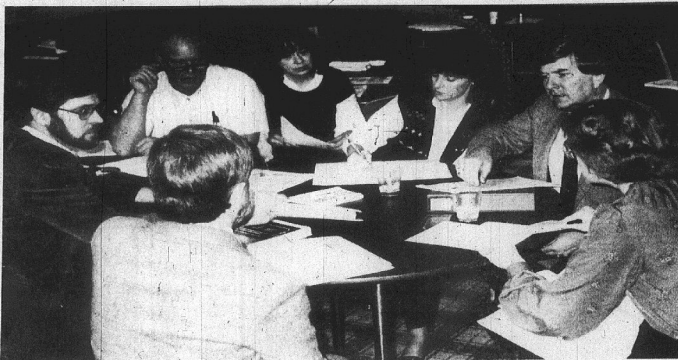

Teachers from each junior high and grade school gathered Tuesday at the Granite City Elks Lodge to consider which materials they would like to purchase to teach their students about substance abuse prevention.

The materials will be purchased with \$1,000 in contributions from the Elks, the Moose Lodge, Gateway Business and Professional Women, several banks and real estate companies and other local businesses, said John Royce, spokesman for the program.

If more funds are donated, the teachers will be able to purchase more materials, he added.

The program is directed by Rich Brinkhoff, administrative assistant for instruction for the Granite City School District. Jean Schram, prevention coordinator from Plaza Health Care, and Jack Mulach, principal of Maryville School.

Persons wishing to donate to the program may contact Royce at 876-5050.

A CURRICULUM COMMITTEE of Granite City teachers discusses which materials they would like to buy to teach substance abuse prevention in the junior high schools and grade schools. Teachers participating are, clockwise from the far left, John Svoboda of Parkview, Mike Velloff of Prather, Vicki Boyd of Wilson, Judy Collins of Webster, Phil Smith of Maryville, Brenda Voyles of Mitchell and Bob Anderson of Marshall.

29 complete requirements for graduation

GRANITE CITY - The high school last week announced the following students completed requirements for graduation Jan. 17.

RYAN ADDRESSES GATHERING. Lt. Gov. George H. Ryan is discussing programs and services benefitting senior citizens of Belleville Area College's Programs and Services for Older Persons building in Belleville. BAC officials, area civic leaders and senior group representatives were present when the lieutenant governor spoke. (Photo by BAC)

FORUM GUESTS of the Belleville Area College Programs and Services for Older Persons at a meeting at the Belleville campus. Left to right are Illinois Lt. Gov. George H. Ryan and Judith Crowley, president of the Granite City Council of Senior Citizens. Accompanying the president were 10 members of the local organization.

Ryan addresses senior citizens' concerns

Approximately 1.8 million Illinois residents are senior citizens and the number is growing. Lt. Gov. George H. Ryan, in Belleville recently, said senior citizens have special needs that require special attention.

Ryan addressed some of those concerns with Belleville Area College officials, area civic leaders and senior group representatives in the PSOP (Programs and Services for Older Persons) Building, 201 N. Church St., Belleville.

Ryan said his duties as lieutenant governor include organizing programs to benefit senior citizens. He

is chairman of the Technical Advisory Committee on Aging, which coordinates senior services in Illinois, and is a member of the Senior Legislative Forum, a quasi-legislative and advisory body identifying legislative policies that best meet the needs of senior citizens.

"You people connected with PSOP should be pleased," Ryan said. "It is one of the finest senior citizen programs in the state."

PSOP provides services to the elderly in Community College District 522. The goal of PSOP is to help older persons keep their independence and self-sufficiency as

long as possible. PSOP serves between 10,000 and 12,000 persons in the district. PSOP's programs include education, nutrition, employment, recreation, transportation, volunteer opportunities and legal assistance.

"The state needs to have all mechanisms in place to successfully meet the needs of our senior citizens, like the program at Belleville Area College," Ryan added.

The focal points for assisting senior citizens are at action centers located in Chicago and Springfield,

Ryan added. The centers are staffed by senior volunteers who handle more than 27,000 cases and inquiries from senior citizens.

There also is an Elderly Hotline — 1-800-252-6565 — to assist senior citizens with their concerns.

Ryan said a state speakers bureau provides support services, conducts workshops and conferences, and publishes bi-monthly newsletters about senior citizens' concerns.

"Our job is to implement programs from your thoughts," he said. "I congratulate and applaud you for your efforts to complement senior programs."

Proposed nursing home reform weak

Illinois Attorney General Neil F. Hartigan has criticized the weaknesses in a proposed new federal survey of nursing homes in a strongly-worded letter to new U.S. Secretary of Health and Human Services Dr. Otis R. Bowen.

Hartigan, as chairman of the Legal Rights and the Elderly Committee of the National Association of Attorneys General, called for the new secretary to work cooperatively to correct problems in the federal nursing home enforcement system.

Proposed revisions in the federal nursing home survey resulted from a lawsuit, Smith v. Heckler, which contended that the Department of Health and Human Services failed to meet its statutory mandate to assess whether nursing home patients were

being accorded high-quality care by providers.

Hartigan said the proposed "reforms" still contain no means for effectively penalizing homes with a record of patient abuse and neglect.

Even in homes where patients have died from abuse or neglect, there is nothing in the entire federal process to require the "homes" licenses to be permanently revoked or to revoke the homes' rights to receive federal funds, Hartigan's letter said.

"It is outrageous that we continue to pay taxpayer dollars to these homes while the patients suffer degrading deaths," the attorney general said.

"Customarily, when incidents of abuse or neglect come to light, the

only action taken by the agency is to wait several years and then disallow millions of dollars to a state for invalid provider agreements.

"The federal government must take stronger enforcement action in this area. As the new secretary and as a dedicated physician, you have a role in redirecting this effort."

"Your department should lead the way in seeking federal legislation which would make abuse or neglect of nursing home residents a felony crime."

Hartigan told Dr. Bowen he would contact him shortly to get the secretary's reaction to meeting with state attorneys general on the problem of abuse and neglect of patients.

A REMINDER FROM THE LAW TODAY

Now that the powerful lobbyists of the insurance industry have united with the medical profession to push through legislation severely limiting the rights medical malpractice victims, those same lobbyists are uniting with manufacturers and other business people to push for so-called "reforms" in other areas. Their new targets are wide ranging, and include such things as comparative fault principles and the Illinois scaffold act, which protects workers from the terrible injuries which so often result from the use of unsafe scaffolds and other elevated structures. In the months ahead, these "reform" groups will be lobbying heavily in the legislature and through the media. While all of them will say that they have the average citizen's interest at heart, the attempt to destroy that same citizen's right to meaningful access to the courts, while coincidentally increasing the profits of insurance companies and other businesses, certainly seems a strange way of showing it.

We will be discussing this and other topics on Tuesday night's program.

Q: I have a slightly different question concerning the Individual Retirement Accounts. Can I borrow to put into an IRA and, more importantly, is that a good idea?

A: As long as you have earnings which qualify you to open and maintain an Individual Retirement Account, you may, if you wish, use borrowed funds in order to make contributions. The idea of borrowing to make IRA contributions could make good sense in two respects. First, if you find that you can't quite make your maximum contribution (\$2,000) before the annual deadline for tax purposes (April 15), it would certainly make sense to borrow the portion needed. Additionally, when computing your taxes, you would be able to deduct your contributions and interest earned from your IRA account, as well as the interest you pay on the loan. In the final analysis, the decision to borrow to make IRA contributions should be based on your individual situation, and your banker will be able to advise you further.

BATTERY, CONDUCT ARREST

Rozelle Williams, 33, of 86 Garasche Homes, Madison, was arrested at 3:13 a.m. Feb. 1 and charged with battery and disorderly conduct and resisting a peace officer. He allegedly struck Rochelle Montgomery, 63 Grenzer Homes, at her home. He also was booked for battery on a complaint signed by Montgomery. Williams was released after posting \$300 bail and is to appear in court March 7.

BURGLAR AT PAWN SHOP TAKES SEVEN REVOLVERS

Madison police found a display window shattered Feb. 2 at the OK Pawn Shop, 405 Madison Ave. Witnesses saw a small truck at the site; after the crash of broken glass, the vehicle was driven south on Madison Avenue.

Taken from the shop was a .32 caliber revolver and six other revolvers. The owner is compiling a list of missing items.

The bride is the daughter of James E. Flowers Sr. of Granite City and the groom is the son of Carlton W. Hill of Venice and Lois R. Hill of Houston, Texas.

The maid of honor was Laura Rayoum, a sister of the bride.

The bridesmaids were Kena Hill and Janice Hill, sisters of the groom, and Tammy Lynn Flowers and Bridgett Flowers, nieces of the bride.

The best man was Carlton W. Hill, the groom's father.

The groomsmen were Roger Laws, brother-in-law of the groom, Matt Laws, the groom's nephew, and Kevin Wilson and James E.

Flowers Jr., the latter a brother of the bride.

The flower girl was Mary Elizabeth Rayoum, the bride's niece, and the ringbearer was Luke Hart, the bride's cousin. Ushers were Gary R. Flowers and Dana Wallace.

A reception was held at Suburban Baptist Church. The newlyweds are residing in Granite City.

The bride is a graduate of Granite City High School and Southern Illinois University at Edwardsville and is employed by the Farmers' Home Administration in St. Louis as an accounts maintenance clerk.

The groom is a graduate of Venice High School and a four-year veteran of the U.S. Navy. He is employed by the Farmers' Home Administration in St. Louis as an accounts maintenance clerk.

Boy Scout Troop 103 holds Court of Honor

Boy Scout Troop 103 of St. Margaret Mary School held its second Court of Honor in the school cafeteria Jan. 29. The Wolverine Patrol presented the opening flag ceremony, followed by prayer by Chaplain-Aide David Oberle.

Cobra Patrol Leader Jeff Seiz welcomed everyone and introduced special guests, Mr. and Mrs. Ron Deebert. Mrs. Deebert presented the troop's charter to Scoutmaster Jim Seiz, and Wolverine Patrol Leader Tom Schmiedake announced plans for Scout Sunday Feb. 2.

Seiz announced Troop 103 has grown from six scouts to 14 since the first court of honor, and introduced Cobra Patrol members, who then introduced their parents.

Cobra members are Patrol Leader Jeff Seiz, Assistant Patrol Leader Jason Brown, Scribe Travis Richey, Librarian Michael Brimberry, Historian Brian Seiz, Chaplain Aide Eric Brown, Quartermaster Bobby Habermehl and Chris Cupples.

Wolverine Patrol members are Patrol Leader Tom Schmiedake, Assistant Patrol Leader Frank Vivod, Librarian Dave Courtois, Scribe Jeff Reedy, Historian Tim Miller and Chaplain Aide and

Quartermaster David Oberle.

Those earning the rank of scout were: Eric Brown, Brian Seiz and Tom Schmiedake; tenderfoot, Eric Brown and Brian Seiz; and 2nd class, Jason Brown and Jeff Seiz.

Jason Brown was recognized for one year of perfect attendance at troop meetings and all scouting events.

Recognized for skill awards were Eric Brown, camping, citizenship, communications, cooking, physical fitness and swimming; Jason Brown, camping and cooking; Chris Cupples, cooking; David Oberle, gardening; Brian Seiz, camping, citizenship, communications, cooking and swimming; and Jeff Seiz, lifesaving, fishing and basketry.

Reports on the troop's activities were given by Jason Brown, Eric Brown, Chris Cupples, Jeff Reedy, Tim Miller, Tom Schmiedake, Brian Seiz, Travis Richey and Frank Vivod.

Seiz presented the treasury report and bake sale report, followed by Ed Brown's presentation of the "scoutmaster's minute."

The closing ceremony was given by the Cobra Patrol and refreshments were served.

Trophies won

Wilson School Cub Pack 122 hosted the annual pinewood derby, which was judged by Tom Boushard, cubmaster of Pack 96, Bob Little, assistant cubmaster of Pack 96, Norman Richter, den leader of Pack 96, and Joe Rosales, Webelos leader of Pack 96. Timekeeper for the event was Bob Bischoff of Pack 122.

The scouts were given award medallions as follows: best looking car, first place, Brian Cave, Den Four; second place, Tim Parrish, Den One; and third place, Marshall Converse, Den One.

offset the lower selling prices realized by steel and aluminum," Love said.

"Some firming of prices and continued strong cost-reduction efforts can generate better operating performance for this group in 1986."

FROM ITS 50 PERCENT ownership of National Steel, NII's net equity loss totaled \$13.6 million in the fourth quarter and \$44.2 million for the full year.

"This compares to net equity income of \$1 million in the fourth quarter of 1984 and \$4.5 million for the full year of 1984," Love said.

"National Steel has been accounted on an equity basis since Aug. 31, 1984."

"In the fourth quarter of 1985, National Steel started up a new electrogalvanizing line at its Detroit plant to provide superior corrosion-resistant steels to the auto industry."

ON DEC. 16, 1985, NII completed the sale of its 81.4 percent equity interest in First Nationwide Financial Corp. to Ford Motor Co.

NII sales rose in the 1985 fourth quarter to \$1.3 billion, versus \$176.6 million in the comparable 1984 period.

For the full year of 1985, sales in-

creased to \$2.4 billion, versus \$2.3 billion the previous year. These increases reflect NII's acquisition on Aug. 19, 1985, of The Permian Corp.

McBRIDE SAID National Steel's \$27.2 million loss for the quarter just ended compared to net income of \$1.9 million in the final quarter of 1984.

He contrasted the year's loss of \$88.4 million to net income of \$20.8 million in 1984.

National Steel's net sales for the fourth quarter and all of 1985 were \$508.3 million and \$2.08 billion, compared to \$548.3 million and \$2.29

billion for the same periods in 1984.

STEEL SHIPMENTS in the fourth quarter and full year of 1985 totaled 1,106,000 tons and 4,409,000 tons, down slightly from 1,115,000 and 4,524,000.

Raw steel production amounted to 1,229,000 and 4,785,000 tons, compared to 1,141,000 and 4,812,000 tons in the same 1984 periods.

"Our fourth quarter net loss is comprised of \$9.9 million from operations and a non-recurring charge of \$17.3 million which covers the write-off of a permanently idled coal mine," McBride said.

"IT ALSO INCLUDES a gain of \$14.3 million from liquidation of LIFO (last in, first out) inventories, compared to a gain of \$19.9 million for 1984's fourth quarter. The loss for the past calendar year includes a LIFO gain of \$18.5 million, compared to a 1984 LIFO gain of \$39.5 million."

"Operation of the new 72-inch-wide electrolytic galvanizing line at National's Great Lakes Division began in late December. It is the first of its type in America."

"This new line will enable us to meet the demand of automotive and

other customers for corrosion-resistant steels that are highly paintable, formable and weldable."

"IT IS PART OF National Steel's five-year capital expenditure program."

"In 1985, the first full year of the program, we completed the elec-

tro galvanizing facility, spent an additional \$140 million for other capital improvements, and began site preparation for a third continuous caster."

"The third caster will raise the company's percentage of continuous cast product to 90 percent."

(Continued from Page 1)

The final topping will be a Carlisle coating, a rubberized substance designed to withstand all weather conditions for a 20-year period.

A REQUEST from the regional superintendent to use the high school cafeteria for a public hearing March 19 was granted by the board. The 7 p.m. meeting will deal with school district consolidation proposals and related procedural rules.

Permission was given to Caroline Sandor, cafeteria director, to attend the 8th annual nutrition education conference Feb. 27 in Mount Vernon.

School cooks will attend a meeting Feb. 29 in Roxana.

PROPOSED NEW lease-purchase telephones for the district's buildings were reviewed by Palcheff, who listed the cost of the present system and potential new prices.

Since some of the phones would be push-button and others would not, President Billie Bosworth asked that a vote on the proposal be tabled until the next meeting.

She asked Palcheff to provide additional information on the style of the phones, and some board members suggested that all the phones be of the same design.

sludge, Kelahan said, the city would have to negotiate a new contract with a Madison County landfill company. This may result in higher dumping costs for the city, coupled with a build-up of sludge.

"THIS CHANGE in the code is potentially a big problem," Kelahan said. "We've got to get rid of our sludge — it can build up pretty fast."

Another possible problem could be the condition of the landfill the city may have to use. A poor landfill can damage city vehicles by causing tire and other damage.

"Laidlaw disposes of its sludge in an efficient manner," he said.

Bald eagle to be released today

An adult bald eagle, which underwent emergency surgery recently at the Treehouse Wildlife Center in Brighton, will be released back to the wild at 1 p.m. today.

The release will be at the marina at Pere Marquette State Park located north of Grafton, unless hazardous road conditions would result in undue danger to those wanting to see the release.

The eagle was captured by an Illinois Department of Conservation angler in Northern Illinois several weeks ago when observers surmised it was suffering from some type of malady.

The wildlife center in Brighton found that it had tried to eat some type of fowl, thought to be a young hawk, and was unable to swallow its prey. The eagle was unable to eat because of the obstruction.

PRAYER to application. To the Holy Spirit, who you light all roads so that I can obtain my goal, you who give me the divine gift to forgive and forget all evil against me, and that in all instances of my life you are with me, I want in this short prayer to thank you for all that and to confirm once again that I never want to be separated from you. Even the sight of all material things, I wish to be with you for your eternal glory. I wish to be with you for your mercy towards me and mine. Say this prayer for these consecutive days. After three days favor requested will be granted. If you will appear difficult. This prayer must be published immediately in the favor is granted. Only your initials should appear at the bottom. M.J.A. 2/9

Warriors lead in SWC after beating Lancers

By GARY KING
Staff Writer

GRANITE CITY — It seemed somewhat of an irony that the uniforms worn by the Belleville East Lancers resembled the old Georgetown Hoya attire of 1982. For in Friday night's Southwestern Conference showdown with Granite City, the Warriors played a game that would make any Hoya rise to his feet and applaud.

The Warriors continued their assault on the SWC crown by handing the Lancers an 80-52 drubbing, which upped Granite City's seasonal mark to 16-3. They are 7-1 in the SWC and have a half-game lead over Alton in the conference race. The Redbirds dropped a non-conference game 79-58 to East St. Louis Lincoln Friday.

It took the Warriors a mere four and a half minutes to put the contest on ice, when they snapped a 4-4 tie by rattling off 12 straight points to take a 16-4 edge with 3:30 left in the first period.

The Lancers got their first break of the evening five minutes into the contest when the Warriors finally missed a shot after hitting the free-throw line. Granite City allowed Belleville East only a pair of free throws before Jamie Hogan ended the opening stanza by turning two consecutive steals into four points, giving Granite City a 22-6 advantage.

While the Lancer's 6-8 center Todd Volkman put on a one-man show by scoring all 16 of East's points in the second quarter, it was not enough to

GRANITE CITY: Gray 10, 16 assists, 5 steals; T. Hogan 19, C. Vizeer 6, Taylor 10, J. Hogan 15 (6 steals), Haug 3, Schatz 5, Papa 6, Luehmann 6, D. Vizeer 2. BELLEVILLE EAST: Volkman 17, Rickett 2, Priess 6, Payne 8, Barnes 2, Boesch 2, Rush 2, Love 8, Thurman 3, Easton 2.

keep the big red machine from rolling right along. At the other end of the floor, Jamie Hogan was conducting a clinic of his own, as the 6-1 forward hit several baseline jumpers to give his squad a 48-22 lead at the intermission.

The Warriors wasted little time in opening up the margin, as a rainbow jumper by Tim Hogan increased Granite City's margin to 54-24 early in the second half. Moments later, all five of the Warriors' starters exited the contest for a well-deserved, much-earned rest.

One couldn't help but notice the slight grin of satisfaction that Don Dettering was sporting after the contest. "We played very well tonight," he said. "I think we played as well as we are capable of playing in the first half. The guys played good team ball, they were unselfish in their passing and our defense was excellent."

"I think a lot of people were concerned about us after the way we played last weekend. But tonight I think we reaffirmed that we're a good team."

When asked what was motivating

the team to play so well, Granite City's backcourt duo of Joe Gray and Tim Hogan gave strikingly similar responses. Although the Warriors had led East earlier in the evening, it appears they're saving some cubes for Champaign.

"State," said Gray. "We want to go to state. We played bad last weekend, and I think we decided that now's the time to get started if we want to go to Champaign."

Hogan agreed. "We've only got five games left before the tournament starts, and we want to go to state this year," he said. "We can't expect to win by three or four points against teams like East and still make it out of our regional. We know that we need to start winning big and get some momentum going."

Do the Warriors really have a chance to make the trip to Champaign?

"I think the players realize that they have a good chance," Dettering said. "I'd say our chances are as good as anyone else's in the area if we're on our game. But we don't want to lead the cart before the horse. We've got good shooting and our greatest strength is probably our passing. When we play unselfish ball we're in business."

And for now, the Warriors are very much in business.

GIVE ME THAT BALL. Granite City's Betsy Barrington grabs a rebound away from an Alton player in Thursday's game. The Warriors fell to the Redwings, however, 72-44. Details of the game are on page 17. (Staff photo by Paula Wise)

Venice holds off pesky Minutemen

By DAVE WHALEY
Staff Writer

BUNKER HILL — Play 'em any way you want to. It doesn't matter. The Venice Red Devils will beat you. For the past two weeks or so, the Devils have pushed the ball up and down the court with great regularity and have run up a bushel of points. Three times in their last four games they have had 100 points or more.

Friday night in Bunker Hill, however, the Devils were slowed quite a bit. Playing in front of a packed gym in this small but basketball-crazy town, Venice, one of the top small schools in the St. Louis area, was held to a mere 53 points. However, they held the pesky Minutemen in check and pulled out a 53-46 win to up their season's mark to 17-5.

A big first quarter, when it appeared the Devils just might enjoy another of the blowouts they have produced lately, turned out to be the big difference in the game. Behind the scoring of their two big guns, Jesse Hall and Ed Ware, Venice sprinted to a 13-3 edge after one quarter as the Minutemen connected on only 1 of 10 shots in the opening eight minutes.

Yet when Tim Jordan intercepted a pass at midcourt and drove in for a layup with 5:50 to play in the fourth quarter, the Minutemen had crept to within 2 points, 44-42. Bunker Hill had two shots to tie the game the next time down the court, but missed. Then Hall made one of his patented drives to the top of the key where he connected on a 15-foot jump shot, and the Devils managed to survive.

"We got out by the skin of our teeth," said a relieved Clinton Harris after the game. "They had the home court advantage, and that means you have to play that much harder when you come in here. This team gets good support from their fans."

It was Senior Night as all graduating Minutemen were honored before the game. They almost honored their fans with a comeback win over the Devils.

"We played really good the whole first half," Harris said. "And we came out in the second half and

were sluggish. I don't really know why. I told them it would be tough up here."

After Bunker Hill missed its first two shots, Hall, who again led all scorers with 23 points, broke away for a slam dunk to open the game. He had 8 first quarter points and Ware added 7 as the Devils forced the Minutemen into bad outside shots and 10 percent shooting.

Bunker Hill got its offense going a bit more in the second quarter, but two free throws by Judious Kizeart before halftime left Venice with a 32-17 edge at intermission.

A 3-point play by Joe Trost brought the Minutemen to within 10 points, 36-26, and the teams exchanged baskets the rest of the quarter that ended with the Devils still ahead 42-34.

But 11 missed connections on an alley-oop slam attempt to begin the fourth quarter, which seemed to inspire the Minutemen and their fans. Heath Fink scored after Bunker Hill grabbed three consecutive offensive rebounds to cut the margin to 6 points.

"We rebounded well in the first half," Harris said. "But they were getting them in the second half. We just weren't screening out."

Tyronne Kiner, who led Bunker Hill with 16 points, scored before Jordan's steal and score, and a stunning defeat seemed possible, if not likely.

"The fans started yelling for them and they were hustling more than we were there for a while," Harris said. After Hall's jumper, the Devils got the ball back and took a good 40 seconds off the clock before Hall connected again.

At that point, we were just looking for 3-pointers and layups," Harris said. Dale Turner sealed the game with a 14-point performance in the final quarter, and went in for a layup to midcourt and went in for a layup to midcourt and went in for a layup to midcourt.

Grigsby wins junior tournament

The Grigsby Junior High School basketball team won the Madison County Junior High Tournament Wednesday with a 43-33 triumph over Wilbur Trimpie Junior High School of Bethalto. Grigsby won the title game in the Trimpie gym, and it was only the second loss in two years for Trimpie. John Van Buskirk paced Grigsby with 16 points. Also scoring were

Dan Weathers with 10; Phil Hahn with 8; Troy Adamits with 6; Joe Wallace with 2; and Darryn Yates with 1.

Earlier in the tournament, Grigsby had defeated Coolidge 35-25 and Collinsville North 32-28. They are now 12-3 on the year and play next at 6:15 p.m. Tuesday at Collinsville North in an invitational tournament.

Open session at ice rink Wednesday

An open session will be held at the Wilson Park Ice Rink Wednesday to celebrate Abraham Lincoln's birthday.

The session will be from 1 p.m. to 3:30 p.m. Admission will be 25 cents

for Granite City Park District residents. The regular admission charge of \$1.30 for non-residents will remain. Skate rental will be 50 cents.

The Wilson Park Office will also be closed all day Wednesday.
